If the teacher or teachers have less than fifteen (15) years employment at the time they retire into the Retirement System, they shall contribute to the cost of the annual health insurance premiums at the rate in effect at the time of their retirement. For teachers with fifteen (15) or more years of employment, the District shall provide such insurance without cost.
7. For part-time employees who elect to participate, the BOE will pay a prorated portion of the premium paid by the Board, prorated according to their part-time employment, and the employee must pay the remaining amount.
8. The Board and the IFA recognize the problem of funding health insurance caused by escalating premium costs and agree to work cooperatively in considering changes of insurers where comparable benefits may be obtained. In this regard, it is understood that the Board has the right to change carriers so long as there is no change in the overall benefit structure of the Plan. However, the Board may change co-pays and deductibles moderately for cost savings. The Board shall provide four (4) months notice of any change to provide an opportunity for discussion. If the IFA feels the changes are other than moderate in nature it may submit the matter to expedited arbitration pursuant to Article XI.

Effective July 1, 2012, the Board will pay these teachers an amount equal to forty-five (45%) percent of the premiums that would have been expended on their behalf. Effective July 1, 2013, this amount shall be reduced to forty (40%) of the premium. Teachers electing to waive their coverage must do so by February 1 with the provisions of this section taking effect on September 1. Payment to the teacher

If reinstatement occurs due to such emergency conditions, the teacher will repay (pro rata) any amount already forwarded to him/her.

B. Life Insurance and Long Term Disability Insurance

The Board will pay the full cost of "term" \$70,000 insurance. The Board will pay the full cost of a long term disability insurance policy with a ninety-day (90) waiting period, 60% of income payable at age sixty-five (65) due to disability resulting from sickness or accident.

C. Teacher Benefit Fund

Starting July 1, 2006 the District shall pay \$1,000 to a teacher benefit fund per teacher each year of the agreement as an additional fringe benefit for Dental, Optical and other like benefits. For part-time employees, the District will pay a pro-rated portion of the appropriate annual payment.

D. Flex Benefit Plan

The Board will provide members of the bargaining unit with an IRS Section 125 Plan.

Under the plan, teachers may receive financial recognition for approved proposals in any of the following areas: Administration, Curriculum, Guidance, or Community Involvement. In order for a teacher to receive a grant of this nature, it is necessary that he/she be actively involved in the implementation of his/her proposal.

A teacher who has had a proposal which he/she thinks would come under the heading of School Improvement must submit this proposal in writing to his/her Program Chairperson (High School and Middle School) or Building Principal.

1. This person(s) should meet with the teacher for discussion and possible revision of the proposal. If the proposal meets with his/her approval, he/she will submit it to a committee consisting of the Superintendent of Schools and the Building Principals.
2. The Committee will decide if the proposal is one which is useful for Irvington, either as is or with revision, and then the Chairperson of this Committee, the Superintendent of Schools, will submit the proposal to the Board.
3. The Board of Education will vote on the acceptance of the proposal. Once passed, they will then appropriate a sum of money to be paid to the teacher involved.
4. The teacher will be informed of the decision of the Board of Education.

F. Payment of accumulated sick leave

Any teacher who retires into the Retirement System shall be entitled to a payment of \$40 per day for each day of accumulated sick leave, provided the teacher notifies the School District in advance on or before November 1 of the school year in which the teacher plans to retire. If it is determined by a final court of competent jurisdiction that a conflict exists, the law and the aforesaid Regulations shall govern.

J. Use of Evaluation Ratings in Education Law 3020-a Proceedings

In the event the District seeks to utilize a staff member's evaluation as evidence of the staff member's competence to perform his/her job responsibilities in the context of a proceeding brought pursuant to Education Law §3020-a, the Superintendent's final determination with respect to any appeals brought pursuant to sub-sections (D) and (E) above shall be inadmissible as evidence of the staff member's competence to perform his/her job responsibilities. The foregoing shall not preclude the admission of the actual underlying evaluation in said proceeding, nor shall it preclude testimony from any witness the District deems fit to support the content and/or issuance of said evaluation.

ARTICLE XIV – PERSONNEL FILES

- A. Teachers will have the right to include written responses to all supervisory evaluations placed in the personnel files. Such a response will be submitted before inclusion in the personnel file within fifteen (15) calendar days of receipt of the evaluation with the understanding that responses to evaluations received after June 1, will not be due until September 15.
- B. Personnel records will be open for inspection at the request of the teacher, with no items withheld except those received in confidence in relation to the employment of the teacher.
- C. Teachers will be notified of any additions to their personnel files and will acknowledge notification by signature.

ARTICLE XV – NON-TEACHING DUTIES

The Board and the Association recognize that the primary duty and responsibility of teachers is to teach. The Board will make every effort, within the limits of New York State Law, to ensure that non-teaching duties such as study hall, lunch duty, playground duty, bus duty, etc., are minimized and assigned on an equitable basis in order that teachers may devote maximum time to teaching.

ARTICLE XVI – SCHOOL DAY

- A. Effective July 1, 1999, the teacher's workday will not exceed seven (7) hours fifteen (15) minutes, including lunch but exclusive of after school meetings. In addition, the Board and the teachers recognize that teachers have a responsibility to remain beyond the conclusion of classes in order to be available to meet with students. All teachers will have a daily preparation period averaging forty (40) minutes but no less than thirty (30) minutes, exclusive of the lunch period. Within such limitations, the starting and finishing times of the workday will be determined by the Administration, but any change will be made only after consultation with the Association.

- B. Effective July 1, 1999, the teacher's workday at the Elementary and Middle School Level shall be increased from seven (7) hours to seven (7) hours and fifteen (15) minutes, including lunch and exclusive of after school meetings. The additional time shall be used for professional purposes such as, but not limited to collaboration, team planning, conferences with parents, conferences about students, curriculum work and staff development.
- C. Effective July 1, 1999, a staff development committee comprised of teachers and administrators shall meet at least once per school year to identify and reach by consensus priorities for the use of pooled time at the Elementary and Middle School Levels.
- D. Last Day of School (Elementary)
Effective July 1, 1999, the last day of school (elementary) at the end of the school year shall be a day of teacher attendance only to be used for completing end of year responsibilities and professional obligations.

The Board and the teachers recognize that it is desirable to maintain class size at a level which will allow teachers to achieve the goal of reaching every student. The Board will consider the recommendations of teachers and will make every effort to determine class size according to the needs of pupils.

ARTICLE XVIII – JOB SECURITY

- B. The Association recognizes that the Board has demonstrated its good faith in maintaining an educational system and professional staff of the highest quality. The Board pledges its commitment to the continuance of this policy. The Board shares a concern of the Association over possible staff reductions. In the event any elimination of a teaching position will result in the loss of employment of a teacher, the Board will give serious consideration to the employment of such teacher in other tenure areas for which the teacher is certified, or certifiable with one (1) year of the abolishment of the position that the teacher held, if an opening exists through the September immediately following the termination of the teacher's service. If the teacher is not appointed to the opening he/she shall, upon request, be entitled to a statement of reasons for the denial of appointment to the opening.
- C. The word "certifiable" in paragraph "B" above, shall mean that it is physically possible for a teacher to obtain the certification within one (1) year of the abolishment of the position, i.e., there is enough time to take courses required for the certification. The teacher must inform the Superintendent of Schools in writing of his/her commitment to obtain certification within the time set forth in paragraph "B" above.

ARTICLE XIX – TEACHING LOAD

The Board and the Association agree that the present practices regarding teacher load are educationally sound and should be maintained if at all possible. These practices provide for the following goals:

Secondary School

Five (5) classes or less per day for all teachers except English and Social Studies.

Four (4) classes or one hundred eight (108) students per day for English and Social Studies teachers.

Under normal circumstances, however, a teacher will not be assigned to more than twenty-five (25) teaching periods per week.

The number of lesson preparations for different courses shall be no more than three (3) per day although it is recognized that the prior teaching experience of a teacher or the special needs of the curriculum may render this goal difficult to obtain.

Middle School

Five (5) teaching periods, one (1) preparation period, and the remainder of the day to be spent on program planning, student supervision and working with and assisting students. (Such activities could include enrichment period and team planning period.) The activities other than the five (5) teaching periods shall not require lesson planning.

Under normal circumstances, however, a teacher will not be assigned to more than twenty-five (25) teaching periods per week.
